

# STOCK Horse Demonstration Friday 11<sup>th</sup> – 13<sup>th</sup> Feb

Three teams of two trainers draw an unbroken Stockhorse and work with it for a total of nine hours over three days. The training sessions will be open for observation to the general public and will be judged by three independent judges. The three trainers in the ring will be women.

On Sunday night, prior to the Rodeo, the trainers will showcase their achievements with each horse. The winning Training Team wins a Southern Cross Saddle. This competition is a great opportunity for horse owners and the general public to gain an understanding of successful training methods and techniques.
